

Guidance through the Electroporation Based Technologies and Treatments (EBTT) personal WEB site

LOG-IN TO THE EBTT'S WEB SITE

To log-in to EBTT's web site enter the following URL address:

www.ebtt.org

Please, login with the corresponding author's username and password provided to you by e-mail. After you log in your name should appear on the screen next to the "Learner" label.

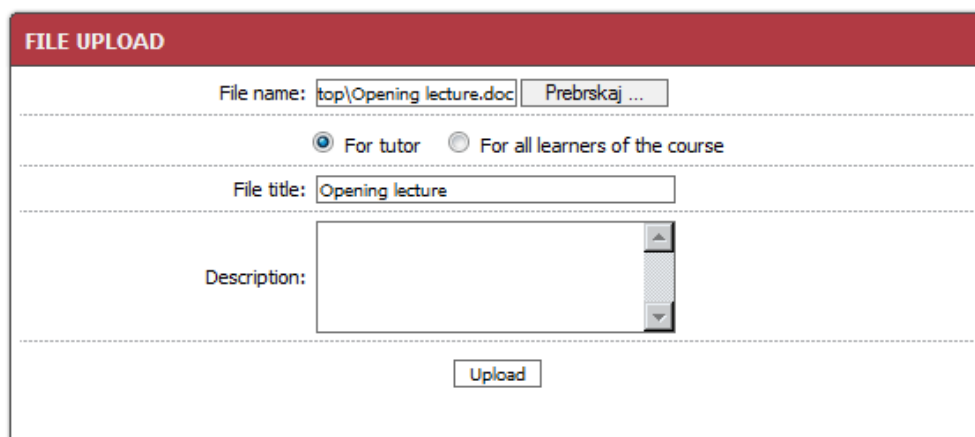

UPLOADING LECTURES

From the courses list below your name, please select **EBTT 2013 Lectures submission**. Select **Study tools/ My Files**, and then select the **upload a new file** icon to upload your presentation file and any extra files that you require for the presentation.

In the upload window, please check the **For tutor** option and write the title of your paper in the **File Title** window, then press **Upload**.

The image shows a 'FILE UPLOAD' form. It has a red header with the text 'FILE UPLOAD'. Below the header, there are several fields: 'File name:' with a text box containing 'top\Opening lecture.doc' and a 'Prebrskaj ...' button; a radio button selection with 'For tutor' selected and 'For all learners of the course' unselected; 'File title:' with a text box containing 'Opening lecture'; and 'Description:' with a large text area. At the bottom of the form is an 'Upload' button.

If, at a later time, you wish to replace your presentation with a newer version, follow the same procedure as for the first upload and upload files with the same name as originally. When the web page prompts you, **agree** to overwrite the previous file(s).
